

BSB50820 - Diploma of Project Management Course

Course Overview

The AGS Consulting & Training - Australia Institute of Business and Technology BSB50820 - Diploma of Project Management course, is delivered by Alan Schwartz (AGS), is aimed at project managers, project coordinators and experienced team members seeking to improve leadership and project management capability. The course aligns with A Guide to the Project Management Body of Knowledge (PMBOK® Guide) 6th and 7th editions:

Online, Public & in-company course

We deliver the BSB50820 - Diploma of Project Management course via online, public & in-company modes.

Please see our website as follows:

Training courses <https://www.agsconsulting.com.au/training.html>

Online <https://www.agsconsulting.com.au/training/online.html>

Public <https://www.agsconsulting.com.au/training/public.html>

In-company <https://www.agsconsulting.com.au/training/in-company.html>

The course covers project management principles, techniques and tools using a step-by-step approach to managing projects. Course material includes a study guide (for online), self-assessment questions and answers, manual, project management guide, slides, reference papers, standards, definitions, checklists, examples, templates, assessment guidance and sources of more information. Typically participants apply project management tools and techniques to current or planned projects. Case study projects may also be used.

The course is based upon / consistent with:

- A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – 6th and 7th Edition
- Australian Institute of Project Management Certified Practicing Project Manager Standard
- Diploma BSB50820 (12 Units - PTO)
- ISO 21500 Project Management
- ICB IPMA Competence Baseline

Course Outcomes

On finishing this course participants should be able to manage the definition, planning, implementation, control and successful completion of projects.

Course objectives

- Produce a project strategy which satisfies key stakeholder requirements
- Develop a realistic project management plan
- Implement a project in accordance with agreed performance requirements
- Complete a project in accordance with agreed stakeholder success criteria

Course Modules

1. Project Management Fundamentals
2. Initiation phase (starting a project)
3. Development Phase (planning the project)
4. Implementation Phase (achieving the plan)
5. Finalisation Phase (completing the project)

See overleaf for an overview of course content.

Cost \$3,250 - public. \$3,000 – online inc GST
In-company fee depends on delegate numbers, location etc.

Evidence

Evidence required to satisfy Diploma requirements:

- Completion of an Assessment Record Book, primarily answering knowledge & understanding question (no exam!)
- Filling out templates which take a project through the lifecycle (from start to finish) – AIBT-AGS provides the templates and examples. Alternatively workplace templates/project deliverables may be used for evidence.

Diploma Award

Alan Schwartz delivers the training and undertakes assessments. Qualifications are awarded by Registered Training Organisation Australia Institute of Business and Technology #41138. We also offer RPL and the option of preparing evidence for assessment leading to AIPM CPPM certification
