

BSB51415 - Diploma of Project Management Course

Course Overview

The AGS Consulting & Training BSB51415 - Diploma of Project Management online course, delivered in association with Registered Training Organisation Australia Institute of Business and Technology, is aimed at project managers and experienced team members seeking to improve leadership and project management capability. It covers the ten functions of A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – 6th Edition:

- Integration Management
- Scope Management
- Schedule Management
- Cost Management
- Quality Management
- Human Resources Management
- Communication Management
- Risk Management
- Procurement Management
- Stakeholder Management

The course covers project management principles, techniques and tools using a step-by-step approach to managing projects. Course material (full list available upon request) includes a study guide, self-assessment questions and answers, manual, project management guide, slides, reference papers, standards, definitions, checklists, examples, templates, assessment guidance and sources of more information. Typically participants apply project management tools and techniques to current or planned projects.

The course is based upon / consistent with:

- A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – 6th Edition
- Australian Institute of Project Management Certified Practising Project Manager Standard
- Diploma BSB51415 (12 Units - PTO)
- ISO 21500 Project Management
- ICB IPMA Competence Baseline

Course Outcomes

On finishing this course participants should be able to manage the definition, planning, implementation, control and successful completion of projects.

Course objectives

- Produce a project strategy which satisfies key stakeholder requirements
- Develop a realistic project management plan
- Implement a project in accordance with agreed performance requirements
- Complete a project in accordance with agreed stakeholder success criteria

Course Modules

1. Project Management Fundamentals
2. Initiation phase (starting a project)
3. Development Phase (planning the project)
4. Implementation Phase (achieving the plan)
5. Finalisation Phase (completing the project)

See overleaf for an overview of course content.

Evidence

Evidence required to satisfy Diploma requirements:

- Completion of an Assessment Record Book, primarily answering knowledge & understanding question (no exam!)
- Filling out templates which take a project through the lifecycle (from start to finish) – AGS provides the templates and examples. Alternatively workplace templates/project deliverables may be used for evidence.

Diploma Award

AGS deliver the training and undertake assessments via Agreement with Pro Leaders Academy, Registered Training Organisation 45024. The Qualification is awarded by Pro Leaders Academy. AGS also offer RPL and the option of preparing evidence for assessment leading to AIPM CPPM certification
